	T3010G	30 kg/m3	1 layer			
	T2510G	50 kg/m3	1 layer			
	T2010G	70kg/m3	1 layer			

* Color, thickness, density and roll length can all be customized according to the specific pitch.

Product Description

Our product is light in weight and easy to install.

Roll length can be customized according to the pitch to ensure no wastage

Excellent shock absorption and ball rebound performance.

No pulverize or rot, long lifespan.

Closed-cell foam does not absorb water, product installation is more even and not affected by the weather.

Special grooved design ensures the good water permeability, activities can be proceeded in the rainy days.

Flame retardant

Our Advantages

Leading Chinese manufacturer for shock pad and infill granule in the artificial grass industry.

SGS Certificated.

LABOSPORT Certificated.

We are committed to serve the global market, who is undoubtedly the most advanced plant among the industry

² Modern logistics system

² Strict purchasing control

² Secure storage environment

² Extensive capabilities

² Professional production line

² First-class environment

² Automatic packing production line

FAQ

1. Q: Can I order sample?
