## Product Description

### Foam Artificial Grass Underlay Shockpads 8mm 20mm Rugby Hockey Baseball Sports Field

#### Scope of Application

Products are mainly used for football, rugby, hockey, baseball, badminton, golf greens, golf mats, children safety system, tennis and sports recreation area .

Our performance shock pad is used for artificial grass sporting fields to increase the safety, better performance and provide a longer lifespan for the artificial grass, can increase the impact of absorption, and also reduce the vertical deformation at the same time.

#### Advantages

Our product is light in weight and easy to install which shorten the installation period and reduce the cost.

Product has excellent shock absorption and ball rebound performance, bring happiness to the sports and avoid injury, which can be close to the natural grass feeling at the most.

Roll length can be customized according to the pitch

No pulverize or rot, long life span

Closed-cell foam product does not absorb water, which makes the performance more stable, and installation easier.

The two-way grooved design ensures that the product installation is more even and not affected by the weather.

Special grooved design ensures the good water permeability, so there is no water on the artificial grass, and activities can be proceeded in the rainy days.

Elegant appearance and strong sense of comfort.
