

PE Foam Shock Absorber Pad 8mm-20mm Shockpad Underlay For Artificial Grass

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: TAIHUI
- Certification: SGS/LABOSPORT/SPORTSLAB
- Model Number: T2504B/2506K
- Minimum Order Quantity: ACCORDING TO THE DEMAND FROM THE CUSTOMER
- Price: By negotiation
- Packaging Details: One roll Packed in recyclable PE bag
- Delivery Time: 10 days after received the deposit
- Payment Terms: L/C, T/T
- Supply Ability: 500,000 m2 per month

Product Specification

- Product Name: Shock Absorber Pad
- Sports: Football/ Hockey/ Rugby Field
- Material: PE Foam
- Density: 30~70($\pm 10\%$)kg/m³
- Thickness: 8mm-20mm
- Color: Green, White, Yellow, Blue, Etc.
- Width: 1.5m Or More Choice
- Highlight: **PE Foam Shock Absorber Pad, Shock Absorber Pad 8mm, 20mm Shockpad Underlay**

Product Description

8mm-20mm Shock Absorbing Pad for Artificial Grass System Improve Performance Safety Suitable for all Sports Field

Description:

Scope of application

Products are mainly used for football, rugby, hockey pitch, golf greens, golf mats, children safety system, tennis and sports recreation area .

Product innovation points

Structure---Our shock pad has been adopted proportion 4:6 and three-layer composite technology. Compared with one-time foaming process product, one-time foaming product is easily deformed, and elasticity lost too quickly make it difficult to restore elasticity after long-term use.

Material---The perfect combination of new environmental protection resin and rubber foam, rubber has a strong tensile strength and softness, which ensure the strong elasticity and softness brings sense of comfort at the same time. The UV resistant film brings the long service life for the shock pad who is more environmentally friendly, no odor.

Cutting technology---Cutting with holes to make sure water drainage in four directions, and installation more even.

Tensile strength---Three-layer structure and characteristics of rubber makes the shock pad with the strong tensile strength, which will protect the product from deformation and damage during the installation. Tensile strength of one-time forming process product is poor.

Product advantages

Light in weight, easy to transport and convenient installation

Length can be customized according to the pitch

Closed-cell foam, the product does not absorb water

Perfect cutting technology ensures good water permeability and the stability

Good shock absorption and ball vertical rebound

No pulverize or rot, long life span

Good weathering resistance

Stable shock absorption

No need of maintenance during daily use

Good environmental performance and high recycling value

Flame retardant

Our references

Why should you choose us?

1. We offer outstanding products:

High quality and reasonable price.

Installation guide and considerate service

Take care of the whole process from ordering, production, transport, installation and after-sale service

Strict inspection on the production and make sure the good quality of each batch

2. Choose us you can get:

Professional quality control system, ensure each package with our best quality.

Perfect production line, ensure delivery on time.

Outstanding export teamwork, ensure thorough after-sale services.

We'll know about foreign market,

"Create Happy Sports" is our aim. Your trust, we treasure.

3. Please Note

* Shock pad length is tailored based on the artificial grass pitch dimension or customers' special requests.

* Installation of the shock pad shall be in the same direction of the artificial grass

* For more optional details, please contact Changzhou Taihui sports Material Co.,Ltd

*Any details of the Shock pad and infill granule should subject to our final confirmation before ordering.

4. Payment & Delivery

Payment term: 30% DEPOSIT AND BALANCE AGAINST THE B/L

Port: Shanghai, China

Delivery Time: One week after receiving the deposit payment

5. Our Advandage

Leading Chinese manufacturer for shock pad and infill granule in the artificial grass industry.

SGS Certificated.

LABOSPORT Certificated.

We are committed to serve the global market, who is undoubtedly the most advanced plant among the industry

² Modern logistics system

² Strict purchasing control

² Secure storage environment

² Extensive capabilities

² Professional production line

² First-class environment

² Automatic packing production line

FAQ

1. Q: Can I order sample?

A: Yes, we accept sample for trial order.

2. Q: What's the delivery time?

A: It usually takes about 10 days. But the exact delivery time is different for different order quantity.

3. Q: Can I use my logo on the product?

A: Yes, we can make the customers' logo on the package

5. Q: What is payment

A: T/T or L/C.

Taihuisports manufacture shock pad underlay and rubber granule infill to support artificial turf pitch for sports and landscaping. Welcome to visit www.taihuisports.com. Trust we will support you by excellent quality and friendly price. Our products will make your artificial turf pitch fantastic!
