## Product Description

Foam Shock Pads for Hockey Baseball 12mm 15mm Stable Performance Drainage Horizontally Comply with EN15330-4

### Product Description

Its excellent water drainage makes it a very popular product for football, soccer, rugby, hockey, playground, multi-purpose area, putting green and landscape. It is light in weight, can be tailored according to your field, and easily installed as an underlay for grass with low labor cost.

In the sports industry, shock pads are often referred to as an "insurance policy." According to FIFA-endorsed regulations, shock-attenuation testing is recommended for every sports field. It is the best mate of our non-infill football artificial grass. For playgrounds, our shock pads will assure safety for you and your kids.
