Product Description

Durable Portable Flooring System Easy to Deploy and Remove

This is a flooring perfect for stadium turf protection, event and tent flooring, portable walkways, ice arena floor covering, military shelter flooring, portable vehicle access paths, and any other situation requiring the layer of protection between ground and user.

The product simply "snaps" together with no need for tools or expertise of any kind, and removal is just as easy.

The unique design makes cleaning painless, just hose off the slip-resistant surface and you're ready for the next event.

Features and Advantages

Has longer service life and good environmental performance
Easy and economical installation, can be removed quickly
No affected by the ambient temperature, no expansion or shrinkage
More even
Strong support, withstand the weight up to 20,000 kg per square meter
Good drainage
Recyclable
