Product Advantages

Increases available time of use

Improves performance and safety

Non-toxic, odorless and environmentally-friendly.

Improve the water permeability, will not affect the performance after rainfall.

High performance quality

Consistent performance over time and use

Our shock pad can be installed directly on the water stabilized base, and then covered by artificial turf, which helps to save the cost of concrete or asphalt base.

Light in weight, one site can be installed in one day.

Elegant appearance and strong sense of comfort

Our Certificate

Some References
