- Playgrounds and childcare centers

Available in multiple thicknesses (8mm-30mm) to match any project requirements.

SPECIFICATION

Product Name	10mm Thickness Shock Pads with Patterns for Artificial Turf
Material	Polyethylene
Thickness	8mm~20mm
Density	30/35/50/70
Color	Apple Green,Field green or as your requirements
Shock Absorption	≥50
Drainage holes	As your required shape and size
Width	1.5m
Length	As your requirements
Package	In PP bag

ABOUT US

TAIHUI SPORTS

Innovative Polymer Solutions for Sports Surfaces

Who We Are

High-tech manufacturer of sports polymer materials, specializing in:

Eco-friendly elastic infill granules

High-performance shock pads

Core Advantages

- ✓ **R&D Excellence** - Partnered with Sichuan University for cutting-edge material innovation
- ✓ **Quality First** - Rigorous standards ensuring durable, high-performance products
- ✓ **Market-Adaptive** - Continuously evolving to meet demands for safer, greener sports surfaces

Why Choose Us?

We solve modern challenges in artificial turf systems with:

Superior shock absorption

Environmentally responsible materials

Enhanced playability

Located in Changzhou High-Tech Zone - China's sports material innovation hub
