Why Choose Our Pattern Shock Pad?

1.Innovative Design

Our shock pad features a unique interlocking pattern structure, providing excellent dimensional stability and easy installation. No slipping, shifting, or overlapping – your turf stays perfectly in place!

2.Exceptional Shock Absorption

Engineered for sports fields, playgrounds, and landscapes, it offers consistent G-max performance, reducing the risk of injury and ensuring player comfort.

3.Superior Drainage System

Thanks to the multi-directional drainage channels, water flows quickly and efficiently – no puddles, no mess. Play can resume even after heavy rain!

4.Environmentally Friendly Material

Made from recyclable polyethylene foam, it's non-toxic, odorless, and resistant to rot and bacteria – safe for people and the planet

5.Customizable Thickness

Available in a range of thickness options (8mm, 10mm, 12mm, 15mm, 20mm+), tailored to meet your specific performance and safety requirements.

6.Long Lifespan

Resistant to wear, tear, and compression – our pattern shock pads maintain their performance for years, even under heavy use.
