## Product Description

### Product descriptions from the supplier

#### Product Description

##### *Composition & Manufacturing:*

Our shock pad is manufactured through a chemical foaming process using premium-grade polyethylene as the primary material, enhanced with specialized hinge agents and promoters.

##### *Standard Appearance:*

The product is typically available in a distinctive red color.

##### *Applications:*

This versatile underlay solution is ideally suited for:

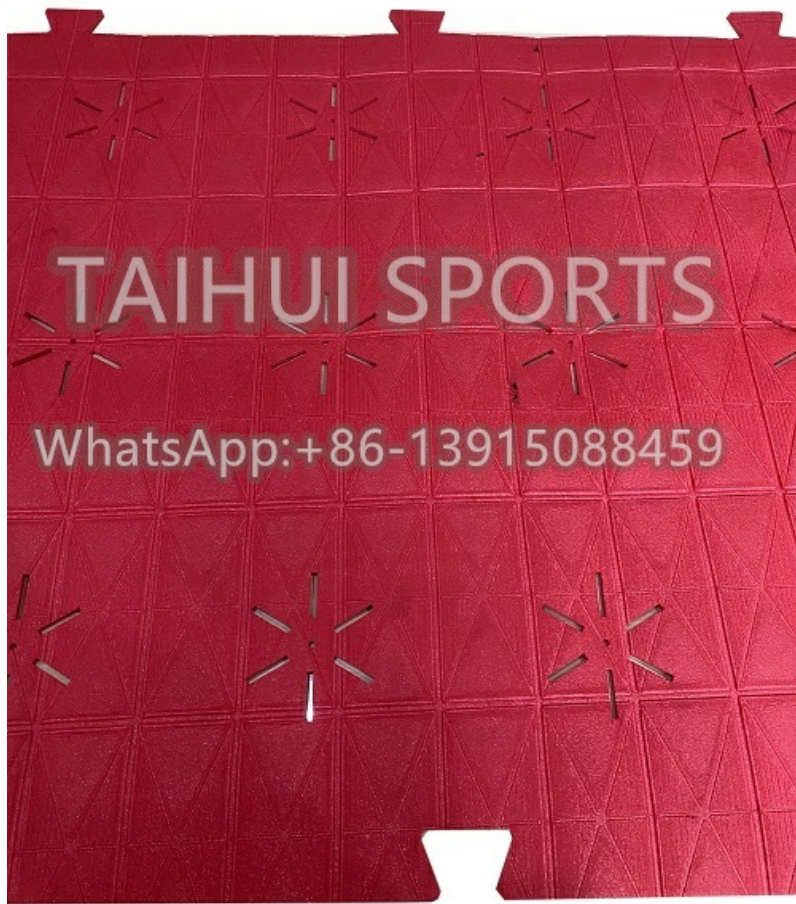

- Professional sports fields (football, rugby, hockey)
- Golf facilities (driving ranges & putting greens)
- Safety surfacing (children's play areas)
- Multi-sport and recreational surfaces
- Tennis court installations

##### *Key Benefits:*

- Superior impact absorption
- Enhanced player safety
- Optimal surface performance
- Durable, long-lasting solution

The formulation ensures consistent quality and performance across all applications while meeting international sports surface standards.

### Installation Instructions

QUICK AND EASY TO INSTALL:

- Step 1: Clean the sub-base
- Step 2: Set one reference line
- Step 3: Unroll the shockpad
- Step 4: Stick ground mat
- Step 5: Lay the artificial grass
