Product Description

Product Description

Durability – Artificial turf is highly resistant to wear and tear, making it ideal for frequent use in training and matches.

Low Maintenance – Unlike natural grass, it doesn't require watering, mowing, or fertilizing, reducing long-term costs.

All-Weather Playability – It drains quickly and remains usable even after heavy rain, minimizing cancellations due to poor pitch conditions.

Consistent Surface – Provides a uniform playing field with reliable ball roll and bounce, improving game fairness.

Long Lifespan – High-quality artificial grass can last 8–15 years with proper care, making it a cost-effective investment.

Eco-Friendly Options – Some modern turfs use recycled materials and reduce water consumption compared to natural grass.
