Product Description

Product Description

Our shock pad features exceptional handling and installation convenience, being lightweight for easy transportation while allowing simple cutting and bonding. The non-absorbent surface maintains consistent performance in all weather conditions, with precision-trimmed edges ensuring accurate seam welding. Its advanced drainage system prevents expansion/contraction, guaranteeing dimensional stability. The durable construction resists rotting and crumbling for extended lifespan, with a flat surface capable of supporting heavy machinery movement. As an eco-friendly, non-toxic solution, it delivers long-term consistent shock absorption to maintain optimal sports performance over time.
