About Taihui Sports

Changzhou Taihui Sports Materials Co., Ltd., located in the Wujin High-Tech Development Zone in Changzhou, is a high-tech enterprise specializing in the research, development, and sales of polymer materials. The company boasts a professional technical team and strong R&D capabilities, and has established close partnerships with Sichuan University and Changzhou University.

We consistently uphold the core philosophy that "product quality is the most effective solution." To this end, the company continuously strengthens its innovation efforts, striving to provide customers with the highest-quality products and services. In the 12 years since its establishment, Taihui Sports has provided shock pads for over 3,000 fields, including 60 FIFA fields, 5 World Series fields, and 2 FIH fields.

In recent years, the booming sports industry and significant advancements in the artificial turf industry have placed higher demands on product quality. To meet this evolving market demand, environmentally friendly elastic filler particles and shock-absorbing pads have emerged as leading solutions in the industry.
